Welcome to FSF

Welcome to our 29th annual Dynamic Dams Sale. Our FSF genetics have stood the test of time because of our continued emphasis on balanced, structurally correct stock. They possess the presence and build to be appreciated by astute cattlemen and judges across the country. We recently held our 51st annual Club Calf Sale with 60 head selling to 11 states for near \$4,000 average. Our offering is a result of AI since 1972 and extensive ET since 1983.

Our family's resolve and commitment are evident in these profit making herd additions, seize the opportunity!

Farrer Stock Farms came about in 1947, when Bill and Betty Farrer married, and were devoted to improving our Seedstock. 2024 has been a banner year- most importantly with the addition of Miss Collins Graham.

Your future progress can be influenced Sunday, November 24th! Thanks for your time and interest.

Sincerely,

Tom & Lisa
